“ I worked with Kathy at Wadewitz from 2013 up until her retirement. She always put the students first and was unafraid to challenge students through new learning experiences. Her passion for her work was inspiring to me as a young educator. My deepest sympathies go out to all of her loved ones.

“ These beautiful pictures of all of you show a wonderful life. I

know how much Kathy loved her children and grandchildren. She

was blessed. She will always be 17 in my memory, as we drove

around the neighborhood with Kathy behind the wheel. We had so

much fun together. I am so sorry for your loss. Nancy Jindrick

“ To the Kis Family

Everyone at Christ Church Child Care send their condolences. On a regular basis Kathy picked up her two grandchildren from the center and she always came in with a smile.

May your memories of this lovely lady bring you all peace.

“ John....John...John...

My thoughts truly are with you.

I carefully viewed all of the pictures of you, Kathy and your children. What came through in all of them, in absolute brilliance, was your love for her, and the joy that she brought to you and all who had the pleasure in life of knowing her.

I am fortunate in that my life intersected with you and Kathy back in the days when we were all young, vibrant and invincible. Back in the days when our lives were ahead of us, and, on a side note, when one of your dress shirts worn as a Loan Officer for Pioneer Savings was midnight black in color. (Sorry...I just couldn't resist making that last comment!)

Time has since passed along....treating us to the twists and turns of living our later years, but at all times giving us a richness of life that is to be envied, but unfortunately never fully appreciated until times such as these.

God speed to Kathy. And John, may time heal at least some of your wounds that you are suffering from her loss.

Best wishes to you always, my friend.

“ John, we provided your new countertops years ago. Kathy and I shared much joy together talking about grandchildren. She loved to leave a hand print of one someone and not wash it away. Treasure her memories and maybe she left some handprint or memory not to be washed away for a bit for you to treasure. She was a delightfully positive person. I'm sure your family will miss her much but may you all find solace in the memories of her.

“ Dear John and family,
I am deeply saddened to hear of Kathy's passing. I know that your visits to my mother and Grandma made them very happy, especially at Christmas and Kathy made Baklava. I'm sure they are together again.
Love,
Jill

“ John, Michael, John and Chelsey:

Sending our deepest sympathy to all of you. I was delighted to run into you and Kathy at KCC. I regret not having seen or talked to Kathy since then, which I will regret to the end of my days. She was a bright light in this world and filled the world with such kindness. I have been thinking a lot today about how much I enjoyed spending time when our girls were young and the house on Country Lane. She was such a delight to be around. I will always remember her heartwarming smile. I was hoping she would win this battle and kept her in my prayers. May she rest in peace in God's loving embrace.

“ John,
Carol Burns called me and told me about Kathy. Just speechless....I know we haven't been in touch but in old age, I think back to wonderful memories we made on 4th of Julys!
Both of us know 68 is far too young to die. Doug at 66. My prayers and thoughts are with you and the family. Kathy had a very big heart and a beautiful soul....I know you will miss her. We go back a long way and our lives have taken different paths. Last summer I remarried a wonderful man that Doug would have loved, Norman Thompson. From Connecticut, also a widow. Doug has been dead 12 years. We live in Port St. Lucie, Fl. Gail Julius/Thompson, 435 n.w. Sunview Way, 34986. Steven and Brad are down here and doing fine.

“ Saddened to hear of Kathy’s death. My condolences to John and her family. Kathy was an innovative creative hard working teacher. She was way before her time teaching children to use technology to expand their learning. I learned a lot from her as a colleague at Johnson Elementary. She was always willing to share her talents with others. She was also very caring and worked hard to highlight the students and others. I will never forget the farewell videos she would produce with the students when a colleague retired. God’s peace be with all her loved ones.
