

Amber Marie Lindow

May 15, 1983 - November 7, 2016

In August 2015 Ambers life took an unexpected turn. She was diagnosed with cervical cancer , all she ever wanted was to have kids of her own. Amber was also told by Dr's that the cancer had spread to her liver and spine.

Amber was a very caring woman. She took care of many friends and family including her mother and autistic brother Joshua. When her mother passed in 2005, & the father passed in 2011, Amber continued to be a caregiver for Joshua. She loved all of her family and friends. On November 7th Amber passed away leaving her brothers Todd Mays & twin brother JeremyLindow to take the responsibility of caring for Joshua & try to explain to him why not only mom is gone but Amber is gone. She also leaves behind a brother Raymond Mays.

“ *You are one of the bravest people I know. Even in your hard times you always tried to keep shinning. I will never forget our conversations and late night chats. You are a beautiful woman inside and out. Now you are a beautiful shinning star watching over us all. Always in my heart and on my mind. Love and light Angel.*
