“ Some people didn't know what a kind person Clarence was, years ago he took the time to drive all the way out to Elkhorn to bring a desk out to my house after work in the pouring rain and then had to drive all the way back to Racine, he also gave me some Rhubarb plants that I use every year, and will now think of him every time I use it. We spent most of our breaks together at work and I will truly miss that time we spent talking about our families and his hunting trips. I will think of him often and miss him forever. Rest now in peace my dear friend
