“ *Fred was a dear friend. We shared the joy of playing cribbage and Racine Theater Guild. I enjoyed all the times we shared doing so many activities and the many friendships he had. His knowledge and generosity to share will be greatly missed. I admired his zest for life and enjoying his many outdoor sports. His determination of getting out and fishing as much as possible was admirable. I loved him as a special friend. Finally, it was my pleasure to spend time with him at the end of his life. I will always be thankful to have met his son Chris & daughter Niki. I'm disappointed that I'm unable to attend his service due to prior commitments. Sending my love & hugs to all his family and friends.*

“ *My dad Tom adored his big brother Fred and had such warm memories of growing up together. How fitting they entered into glory just 19 days apart from each other. I'm sure they are telling tall fishing tales right now, and looking upon their children with love. Sending you all the hugs and love, and wishing you peace and comfort now and always, Manske family.*
