Tribute Wall

“ I met Jean around 1985. We worked at Meadowbrook Country Club together. I was staying with my sister for the summer months and so had only 3 short months of my life to know and cherish Jean. Though an age difference of nearly 30 years was between us, she welcomed me into a friendship and I admired her so. We wrote a few times and then the years disconnected our paths but never my cherished memories of our few outings together. My sister and I remember her striking and natural beauty, her gentle and unassuming spirit, her class. I hope this is noticed by her family. I hope you know how much your Jean meant to me, and I'm sure all who knew her even for a moment in time.

“ My sympathy to the family of Jean Bugni. Your mom was like a mom to me she would know when we would come to see my mom and we always stopped into to see her and include her in with things that we did for my mom. She enjoyed seeing and visiting with us, as we enjoyed visiting with her. We would talk her a cookie when we saw her and she really enjoyed them. She will truly be missed. She is in our thoughts and prayers.
