“ *Reuniting with Jeff on facebook has been a fantastic time, catching up with him that first night he contacted me was wonderful, catching up with him made those 30 years since high school seemed to just fade away.*

From kindergarten through high school my favorite memory of Jeff is how he talked another classmate into buying a late 60's firebird and keeping it for him so Jeff could drive it around town so the other classmates parents wouldn't find out he bought the car, a bit of ingenuity by Jeff to get a cool car to drive around.

Love you Jeff... keep em laughing up there my friend.
