“ Dear Sonja, I just know that Jerry and my Linda are together causing havoc in Heaven! What memories I hold in my heart of your sweet Jerry: RTG plays, dinners out, North Park gatherings. The two of you were definitely a match "made in heaven!" I know there is an empty space in your heart, but hold on to all the memories of times you shared together to help you during this difficult time. I know you will take comfort in what we all believe about life after death and the promises of the resurrection. Life has not ended, merely changed. For we shall all be united again one day sharing in the eternal life Jerry now realizes. With sympathy to you and the family, Jeff Rasmussen
