“ *Joan always had a warm smile on her face when you got together with the family and friends and she always made you feel welcome wherever she was. I'll miss her dearly and will always have great memories of her.*

“ *One of my favorite things about Joan was that she was always smiling. She was kind and sweet and because of that she had many friends that loved an adored her, and my dad was at the top of that list. It was such a blessing that Joan and her family came into our lives and I'll be forever grateful to them for allowing me the honor of caring for her during her last weeks on this earth. I love you Joan, and you'll be greatly missed.*

“ *I am so glad that Joan came into our lives. She and my Dad were the perfect couple, because of her my Dad learned to open up about his love not only for Joan but everyone. She will be forever in our hearts.*
