“ Thank-you everyone for the kind cards and flowers. While her passing was quite sudden, we are at peace knowing she is asleep in Jesus until He comes again. Joanne was a part of our personal family here in Mount Pleasant for many years and we are sad for the emptiness we feel not having her around the house making juice, setting the table, playing Kenny Rogers and Dolly Parton music, and playing table games with us. She was so looking forward to beginning work again for Careers sheltered workshop following successful breast cancer surgery but the treatment caused her heart to fail. We will all get together at the church campmeeting this June to remember her in a special way with family and friends.
