“ Happy Birthday Josh!  
You were a great friend. You told me once that you had a hard time “not liking everyone”. Although your trust sometimes got you into trouble, it was also one of the best things about you. You saw something good in everyone. You always found a way to make others smile. I hope you know how much you are missed. I know you are up there looking down. I will keep you and your family in my prayers.

“ I have many fond memories of Josh, its hard to choose just one. From being on the same wildland firefighting crew sent out to Seeley Lake Montana for the Rice Ridge Fire. Working those 16 hour days there was never a dull moment with him around. He always knew how to crack a joke and lighten the mood even when we were all grumpy and exhausted. To finding out he was my birthday twin, with the exact same date and year. It was nice calling/recieving phone calls where we celebrated eachother getting older and catching up on old times, sharing our dreams for the future. He really was an all around great person and for me and I know many others a wonderful friend. He will be missed dearly, my heart and condolences go out to his family during what I know is a rough time right now.

“ One of my fondest memories of Josh is going to a pumpkin patch with his brother Jake and his GGMA I also had my 2 grandchildren. Josh had so much fun looking for the perfect pumpkin which was difficult because there were so many.
