“ I met Kathy in 4th grade, We had just moved out to the country on Golf Road and rode the same bus. We became good friends in 5th grade through our senior year, when I moved to S.D. Kathy was a beautiful girl and I can remember the first boy she liked , because I liked him too. Lol. She seemed to always get the boys she liked though. I am so sorry to hear of her passing, and send to her mom and family my deepest sympathy and continued prayers. RIP my friend! 💜

“ I met Kathy when Molly and my oldest were in kindergarten together. We were both "room moms". Kathy and I worked together to help with the kids parties etc. At the Christmas celebration, Kathy gave me two bags (one for each of my kids) full of coloring books, crayons and little snacks for the long trip we were about to take. That is when I decided Kathy and I were going to be friends. How could anyone not be friends with someone so kind and considerate? Kathy was there for me and my family in ways no one will ever know except Kathy and me. Our lives had diverged in the years since as our kids grew up and our lives changed but when I saw her at her Dad's funeral, it was like old times and we were able to chat and hug again. Kathy said she was so glad that I was keeping in touch with her girls on Facebook, she was glad I was still there for them. That was Kathy's way, always thinking of everyone else.
