“ *Char, my sincerest sympathies to you and your family for your loss. Ken was a great person and a good friend to my Dad.*

It was such a shock to see your wedding picture and there was my Dad. (Rich Miller)

Ken played at our wedding which was over 50 years now. My pictures are fading but thought I would share them with you.

My thoughts and prayers are with you and your entire family. May your memories help you through this sad time.

“ A fun childhood memory I have is when dad would get out his tape recorder and record us. This usually happened in the evenings when mom was at work. My brother and I loved this. Dad would interview us about our day, let us tell stories and sing songs. I loved singing songs into the tape recorder. When we were adults dad would sometimes bring out those recordings to listen to, we loved hearing ourselves and would get a good laugh out of it. I thought that was such a creative idea. Another memory I have is when dad and I would go to the Mukwonago Flea Market. We would leave really early in the morning to get a good parking spot and get there before it got crowded. It was a special time we had together and something I always looked forward to. I can never forget all the times I would meet mom and dad to hike with them at their favorite parks. We always took a lot of pictures and I am grateful for that now.

Such nice memories! I also loved the walks with Mom and Dad. I loved when they would come visit me at the condo in Milwaukee and then we would go walking!

“ My favorite memory of Dad from my childhood was when I would join him at his desk while he was working on his writing! I felt so proud when I would grab my little coloring book and crayons and work alongside him. He would be diligently working on his journals, and I would sit quietly next to him coloring away. Every once in a while I would look over at him and see him grinning as he was writing. I was so intrigued of him enjoying his hobby so much!
