“ *Oh Mary, you are missed. I feel blessed that we met, and became unrelated family, when you adopted Waldo. I know you will be waiting for Auggie and Waldo but, in the meantime, I hope you are at rest knowing that your beloved boys are being well taken care of and loved. They sure do miss you though. Joan, my sincerest condolences to you. Mary loved you dearly.*

Thank you Mary for your friendship to me and to Roll Over Animal Rescue.

“ *I'm sad to hear of Mary's passing, We worked together at Eaton's Franksville facility for years until my retirement. Afterwards I often saw Mary at the retiree luncheons we'd have every month or so. Mary was always friendly and helpful, and took an interest in how my family was doing. She loved to visit the family cabin up north and talked about it often.*
RIP, Mary.

“ *I am thankful to have met Mary. I had the pleasure of working with her at Eaton for just over a year before she retired. We spent a lot of time together in her last months at Eaton while she trained me in Dielectrics. She was very much looking forward to retirement. I have kept in touch with her regularly since. I am happy that she was enjoying her retirement and seemed to be doing well when we went to lunch last month to celebrate her birthday. I always enjoyed talking with Mary. Her dogs meant a lot to her and that is something we bonded over. Mary was a wonderful human being and I will miss her dearly.*

“ I am shocked to hear the news of Mary's passing. I worked with Mary at Eaton. I considered Mary a friend. We used to discuss our pets, including her beloved Dachshunds. After Mary retired I stayed in touch via email. She was a lady with many interests, and will be sadly missed.

My deepest sympathies to her family

“ I worked with Mary at Eaton for almost 2 decades and enjoyed not just her humor but her everyday work ethic. Her straight forward opinions were always appreciated and entertaining. It is sad that her retirement, which she looked forward to for so long was just so brief.

“ Mary's passing is such a shock! I met her and became friends at Eaton. She was always friendly, joking, and overall great person. She had been looking forward to a long retirement which we talked about often. After I retired she started her own retirement clock.

Mary, you will be truly missed.
