“ I remember the first time I met my half-sister, Patty...Judy and I got out of the car and Patty came running out of the house to greet us....She made us feel so warm and welcome....That's the way she was. when I would call her on the phone, she would call me her baby sister.....I'm 68, and still her baby sister. She was a wonderful and caring person and will be surely missed. Love you Patty....see you on the other side....Say Hi to Judy for me, and Mom & Dad.
