“ Paul was one of the nicest, kindest people that I ever had the pleasure to work with. With his quiet humor and shy demeanor, he was a gentle giant with a big heart, especially for the fur balls that crossed his path. I hope you take comfort in the fact that he will be remembered as a good person and will be greatly missed.

My heartfelt condolences to your family. He was always just a phone call away whenever I needed help, and he never hesitated to offer his time or support. I will always appreciate his dependability and generosity. He made a difference in more ways than he probably knew.

Just heard of the loss of Paul. He was so kind and the last time I seen him he bought me coffee and a roll and we had the nicest visit. I also thought of him as a gentle giant. Rest in peace my friend!
