“ My Steve today is 4 years that you went up to heaven. Everyday I look up at the sky to see you. A star a bright moon a feather dropping down a memory. The life I live alone is so empty.....i need to smile more. Steve baby I miss you so very much. Sometimes it feels like you were just a dream. Only I know you were real because you filled my heart with tons of love. Thank God for our Munchie she is still with me. She's such a good little dog . You knew it right away when we got her. I'm also thankful for Steve he helps me when I need a helping hand. I knew he was a good kid when I first met him in El Paso with you. God is always by my side to give me a push so I don't give up. How a wish you were here to make me smile again. I love you Steven Robert

“ My baby Steve I think about you every day. It's been two tough years for me but you know how empty I feel without you. I think about our life together with happy memories of us. I know at this time we would be preparing for our Thanksgiving dinner always yummy. Then we would be so excited about Christmas coming and decorating while listening to Bing Crosby I'm Dreaming Of A White Christmas. We had lots of crazy fun together very special always. I will never have the kind of love I had with you. I hope that some day I will have some love in my life. I feel you in heart everyday just like you said you would be. Munchie and I miss you so much we will forever remember your love. You gave us that special love that only comes once in a lifetime. I am thankful to god that he put you in my path to love with such wholeness. I know you are happy in heaven but still watching out for the little wart and I thank you my Steve. Someday we will be together again with fireworks to celebrate. I love you forever and a day, you're Pita

“ *My Dear Brother Steve you are in the Lords loving presence now. I was always proud to call you my Brother. I appreciated the times we spent together and am grateful for all the times you included Mama and I in your life. After my Dad passed on at the age of 50 and I was only 10, you Brother were always there to include me in your life. I remember all the great fishing trips, going with you to the sportsman club, to the company picnics, those great taco nights, and that gold chopper bike you had gotten me after my bike was stolen. I Love you Brother and will miss you and have a great faith we will be reunited again in the future in the loving presence of our Savior Jesus Christ. I Love You Brother Steve, Billy Allen*

“ My Steve when I first met you I didn't know what i was getting myself into. I knew that I liked you and wanted to learn more about you. As time went by I found that you were a good man with so much love to give. I could tell in the way you spoke about your children, your life. I remember you telling me how proud you were of Kris and how mature she was. Of Karren you said that she was pretty strong and that she could accomplish anything in life. As for Gooch you worried about him growing up so fast and hoping you had done the best for him. Steve you had me at that moment and there was no turning back. The more i spent time with you I fell deeper inlove.

Steve you have taught me so much in our life together. I have learned so much from you. I will always remember them and use what i experienced with you. The most important thing I learned is how to love and be loved by you my Steve. You once told me that you had rescued me. I never understood why you said that to me but now I do. i was a broken soul in need of her true love. Thank you for saving me and loving me 27 years of your life. You have been my Best friend, my husband and my One true love. I will forever have You in my Heart. Love Pita

“ My cousin Steve: After my parents got divorced, my mom wanted to move back to Racine for better job opportunities. She called my cousin Steve for help and he got her a job at ISE. after moving here he welcomed me into his life, he had two little girls just my age, one older one younger and a younger son, Kris, Karren and Gooch. he was the only father figure that I had in my life and always treated me like one of his girls. I grew up with his kids and always knew that I was loved by him. I even ran away from home, after my parents died and I was living with a brother of mine, to his house and he just put me in with his girls and welcomed me into his family. I always knew that he was there for me no matter what was happening in my life. There will always be a special place in my heart for him that nobody will ever fill.
