“ *I was also a patient of Tricia's and was shocked and saddened to hear of this tragic news. Tricia always spoke so lovingly of her husband and boys whenever I would go see her. Tricia no doubt has touched many, many lives with her bright, loving spirit which will continue to shine through our memories of her. My deepest sympathy, love, and prayers to her husband, children and entire family....*

“ I wish to extend my deepest sympathy to the family of Tricia Seidler. Both my daughters and I were patients of her and cannot say enough about her upmost professionalism and her down-to-earth mannerisms. A visit with Trish, even though you were ill was uplifting and dare I say even "FUN". I know how deeply we will miss her and cannot imagine the loss felt by her family and friends. You will all be in our thoughts and prayers. God Bless Trish.

“ I was stunned this morning to open my newspaper and learn of Tricia's passing. I was one of her patients. She was one of the most thorough, caring, and patient medical practitioners that I have ever experienced. I will miss her terribly and cannot even imagine how much her loss will affect her family and friends. She was one of a kind. My prayers will be with her family!
