“ My deepest condolences to your family. It took my breath away when I read that she has passed on. I always thought we would re connect some day and I started a search for her when this obituary came up. Vicki and I were best friends during junior high and the years following until I moved out of state. My last memory of her was when I came back to visit and her son Manuel was just a baby. One of my favorite memories of her is the vacation that her family took me on with them one summer. We rode in this bus that her dad drove that he turned into a makeshift RV to a camp site and spent the week there. During those years we shared laughter, tears, hopes, dreams and fears. She had a gentle soul, she would go without so you wouldn't have to. She had a generous and loving heart bigger than this whole world. Vicki, we will meet again, of this I am certain, and we will just pick up where we left off. Mary Wichmann Cooper

“ My deepest sympathy to your family. Vicki came to rummage sale years ago and started talking about our heritage. We are both Native Americans and talked a lot about this. We would love talking about our deals at sales and see each other at them. And she so loved her animals .She was also a comedian. She asked me to take her to Milwaukee one day because her cat was sick and needed to go to some vet. I said sure, my car had air conditioning. She said it should only be about one to two hours. Needless to say we left Racine at 9:15 am and we didn't get home until 8:45 that night. we talked a lot on that trip because her cat was dying and she was stressed but also so grateful for the ride. my only regret was that I couldn't help her more with her heritage search. but as I rummaged this summer I thought of her every sale. actually cried at the Gifford Estate subdivision remembering her there .She may not have been a millionaire but she had a heart of gold for her pets and her family and friends.

“ My heart is broken.... My friend Vicki passed away. I met Vicki by her coming to my yearly garage sales. She would be looking for something for her family and friends and of course her animals. Her favorites she looked for were anything Native American, Packers, books, movies. She especially loved my baked goods I sold. Through the years she became my friend.(and a very special one) Vicki was a very kind person always thinking of someone else. She loved Manuel and her family immensely. Her animals were her life. I travelled to many Veterinarian visits with Vicki . When her animals got sick which at times were often, she would take out loans to save her animals. She would go without before her animals. There's going to be a very sad void in my life with Vicki gone but the memories will carry me through. I keep thinking how ecstatic Vicki must have been. to be reunited with her animals.I know I'll see you again Vicki. God will make sure of that! I will love you and miss you until the rivers flow no more...

“ We were so sorry to see that Vicki passed away. We'd often see her while we were out rummaging sailing. Vicki always found the best deals and was always thinking of others. If she found a good deal, she'd always know that someone in her family or one of her friends would enjoy the treasure.

Vicki had such a good, caring heart and was always cheerful. She will be greatly missed by everyone who knew her.

Our deepest sympathies go out to her son, Manuel and the rest of her family.

May God be with you all during this very sad time.

In Sympathy,

Sherry & Gary Horton
